Environmental Pollution **73** (1991) 289–290

CONTENTS OF VOLUME 73

Number 1

Microbial Metabolic Activities in Soils of Old-Field Communities Following Eleven Years of Nutrient Enrichment 1
SUSAN D. SUTTON, GARY W. BARRETT & DOUGLAS H. TAYLOR (USA)

Radioactive Isotope Uptake in a Grass–Legume Association 11
C. E. DOUKA & A. C. XENOULIS (Greece)

Effect of Mecoprop Drift on Some Plant Species of Conservation Interest when Grown in Standardized Mixtures in Microcosms. 25
R. H. MARRS, A. J. FROST & R. A. PLANT (UK)

Effect of Methyl Mercuric Chloride Treatment on Haematological Characteristics and Erythrocyte Morphology of Swiss Mice 43
B. P. SHAW, S. DASH & A. K. PANIGRAHI (India)

Seasonal Variation of Radionuclides in *Fucus vesiculosus* L. from the Öresund, Southern Sweden 53
L. CARLSON & B. ERLANDSSON (Sweden)

Littoral Zooplankton Responses to Acid and Aluminum Stress During Short-Term Laboratory Bioassays 71
K. E. HAVENS (USA)

Number 2

Throughfall below Grassland Canopies: A Comparison of Conventional and Ion Exchange Methods 85
D. VAN DAM, G. W. HEIL, B. HEIJNE & R. BOBBINK (The Netherlands)

Toxicity and Tissue Distribution of Pentachlorophenol and Permethrin in Pipistrelle Bats Experimentally Exposed to Treated Timber 101
R. F. SHORE, D. G. MYHILL, M. C. FRENCH, D. V. LEACH & R. E. STEBBINGS (UK)

Effects of Ammonium and Aluminium on the Development and Nutrition of *Pinus nigra* in Hydroculture 119
ANDRIES, W. BOXMAN, HANS KRABBENDAM, MARTIJN J. S. BELLEMAKERS & JAN G. M. ROELOFS (The Netherlands)

Environ. Pollut. (**73**) (1991)—© 1991 Elsevier Science Publishers Ltd, England. Printed in Great Britain

Effects of Elevated CO_2 Concentration on the Polyamine Levels of Field-grown Soybean at Three O_3 Regimes 137
GEORGE F. KRAMER, EDWARD H. LEE, RANDY A. ROWLAND & CHARLES L. MULCHI (USA)

Selected Bibliography 153

Book Review 157

Numbers 3 & 4

Special Issue: Plant Response to Atmospheric Change

Introduction 159
M. M. SCHOENEBERGER & S. R. SHAFER (USA)

Mycorrhizal Mediation of Plant Response to Atmospheric Change: Air Quality Concepts and Research Considerations 163
S. R. SHAFER & M. M. SCHOENBERGER (USA)

Atmospheric Pollutants and Ectomycorrhizae: More Questions Than Answers? 179
J. DIGHTON (UK) & A. E. JANSEN (The Netherlands)

Quality versus Quantity: Optimizing Evaluation of Ectomycorrhizae for Plants Under Stress 205
S. MEIER (USA)

Stress Interactions and Mycorrhizal Plant Response: Understanding Carbon Allocation Priorities 217
CHRISTIAN P. ANDERSEN & PAUL T. RYGIEWICZ (USA)

The Global Carbon Cycle and Climate Change: Responses and Feedbacks from Below-ground Systems 245
R. K. DIXON & D. P. TURNER (USA)

VAM Populations in Relation to Grass Invasion Associated with Forest Decline 263
M. VOSATKA, P. CUDLIN & V. MEJSTRIK (Czechoslovakia)

Hierarchy Theory as a Guide to Mycorrhizal Research on Large-Scale Problems 271
E. G. O'NEILL, R. V. O'NEILL & R. J. NORBY (USA)

Selected Bibliography 285
